

Circle Registration and Declaration

Never doubt that a small group of thoughtful, committed people can change the world indeed, it's the only thing that ever has!- Margaret Mead

Are you willing to gather and facilitate a peace circle? Realizing our shared vision of a world community where women, men, and children actively live in peace takes the hard work, mutual inspiration, and support that only comes when we work together. In a peace circle members work individually and together to identify what peace means and work to translate this vision of peace into actions that benefit individuals, communities, and the world. Will you start a peace circle?
