## **Circles of Ten: Women for World Peace**

**We are:** A non-profit, membership organization led by women. We stand for the empowerment of women as a path to peace. Membership and Peace Circles are open to all peacemakers.

**Our vision:** A world community where women, men, and children actively live in peace.

**Our mission:** To empower women to make visible the worldwide culture of peace. We gather in circles and identify specific ways we can manifest peace in our lives and our world.

**What you can do:** You can participate in creating a culture of peace by completing the statements of the "peace process" with yourself, another person, or a peace circle.
